The Work of Reading Mar 02 2020 The Work of Reading: Literary Criticism in the 21st Century is a sustained critical examination of the developments in the field of literary studies from the early 2000s onwards within the context of the systematic problems in the humanities. This volume analyzes the origins of the current methods—including New Historicism, empiricism, New Formalism, postcritique, and others—and posits alternatives to the present state of literary studies. At a time when many aspects of current methods show a desire to adopt values from other disciplines to solve internal crises, this volume advocates a renewed focus on questions of form by means of the praxis of aesthetic study, close reading, and other modes of engaging directly with literary texts.

Did I Say That Out Loud? Nov 21 2021 From the former editor-in-chief of Real Simple, enjoy this hilarious and deeply insightful take on the indignities of middle age and how to weather them with grace: "A pure pleasure to read" (Cathi Hanauer, author of *Gone*). ? Do you hate the term "middle age?" So does Kristin van Ogtrop, who is still trying to come up with a less annoying way to describe those years when you find yourself both satisfied and outraged, confident and confused, full of appreciation but occasional disdain for the world around you. Like an intimate chat with your best friend, this mostly funny, sometimes sad, always affirming volume from longtime magazine journalist van Ogtrop is a celebration of that period of life when mild humiliations are significantly outweighed by a self-actualized triumph of the spirit. Finally! Featuring stories from her own life, as well as anecdotes from her unwitting friends and family, van Ogtrop encourages you to laugh at the small irritations of midlife: neglectful children, stealth insomnia, forks that try to kill you, t.v. remotes that won't find Netflix, abdominal muscles that can't seem to get the job done. But also to acknowledge the things you may have lost: innocence, unbridled optimism, smooth skin. Dear friends. Parents. It's all here: the sublime and the ridiculous, living together in the pages of this book as they do in your heart, like a big messy family, in this no-better-term-for-it middle age.
