French For Dummies Mar 26 2022 If you buy into the Pepé Le Pew stereotype of the French – arrogant, stuffy, overly amorous, and rather odiferous (Pepé Le Pew was a skunk. Talk about stereotypical!) – then think again. Not only are the French people some of the most relaxed, pleasant people you'll ever meet, but their society is one of the oldest, most culturally rich societies in the world. So it's no surprise that French is known as perhaps the most beautiful of all languages. Listen to someone speak French – sure, you don't have a clue what she's saying, but aren't you enraptured by the sound of it? Unfortunately, just because a language is beautiful doesn't mean that it's easy to learn. Although French has many things in common with English, French has had many, many centuries to evolve into the language it is today, which means it's had all that time to become more complex. That's where French For Dummies can help. Written in partnership with the language experts at Berlitz, this book can give you what you need

for basic communication in French. *French For Dummies* covers the following topics and more: Basic pronunciation and gestures The nuts and bolts of French grammar Meeting and greeting in French Situations in which you can use French: Making small talk, dining out, shopping, and talking on the phone Traveling to France: Dealing with French currency, staying at a hotel, and getting around town Top Ten lists on ways to pick up French quickly, things you should never say in French, favorite French expressions, and important French holidays to remember. Appendixes with verb conjugation tables, as well as a French mini-dictionary *French For Dummies* also comes with a CD that has audio transcriptions of all the exercises in the book, so that you can actually hear the French pronunciations. So whether you're taking a business trip and need to pick up a little French quickly; you're cramming for your high school French final; or you've always wanted to learn a new language but don't have the time to drag yourself to a class once a week, *French For Dummies* can get you well on your way to becoming fluent in no time.

Why the French Don't Like Headscarves Nov 29 2019 "This book casts a great deal of light on the events leading up to the French law banning Muslim headscarves in schools. Bowen takes us through the strange and often distorted debate that culminated in the decision to pass a new law. He shows the roots of this decision in French history and politics, with a marvelous eye for nuance and a sensitivity to the many positions which clashed in the debate. The result is a work that not only is tremendously important for an understanding of France today, but that also has relevance for similar debates that are now in train in many other Western societies."--Charles Taylor, Northwestern University "This book, ostensibly an account of the French debates on Muslim headscarves in public schools, is a thoughtful and deep probe into French political culture, the legacy of colonialism, and the difficulty for a state that refuses to recognize communal differences in the public sphere to accommodate millions of Muslim immigrants. It is a timely, learned, and provocative work."--Stanley Hoffmann, Harvard University "France's decision to ban religious signs in public schools was quite puzzling, if not downright crazy, to many outsiders. In *Why the French Don't Like Headscarves*, John Bowen manages to make sense of the apparent madness by carefully tracing the disparate threads of the issue, in particular by replacing the debate within the specific French context of the long, complicated relationship between Church and State. This book should be read by all those who seek a fair and comprehensive analysis of the headscarves decision and of the broader question of the place of Muslims in contemporary French society."--Sophie Meunier, Princeton University, author of *The French Challenge: Adapting to Globalization* "This extremely important book brings us a fresh and innovative analysis of its subject. What is new is that it is not by a French scholar--who would be immersed in the heated passions of the issue--but by an American anthropologist who decodes for us the chronology and the political and philosophical foundations of this particular debate."--Malika Zeghal, University of Chicago Divinity School, author of *Les islamistes marocains*

The French Colonial Venture Nov 09 2020

Learn French Feb 22 2022 If You Are Looking for a Definite Compendium to Master French and Become Fluent Quickly, Then Keep Reading... 6 Books In 1! Have you ever wanted to learn french but weren't sure where to start? This book is the perfect place to begin learning this beautiful and romantic

A phonetic pronunciation accompanies each phrase. Dover Original.

Vis-A-vis Aug 26 2019 Vis-à-vis engages students with its unique integration of contemporary culture and communicative building blocks, providing tools to build a solid foundation in introductory French. Building communicative competence with Vis-à-vis One of the major challenges of the introductory language course is to give each student ample exposure to the language and sufficient opportunity to practice speaking, both in and out of the classroom. To parallel print versions of the text and Workbook/Laboratory Manual, we offer the same content on the Connect platform, where students have full access to the eBook, online Workbook/Laboratory Manual activities, LearnSmart, and all accompanying audio and video resources. In Vis-à-vis, the following resources work together to promote communicative competence: Interactive vocabulary presentations (Paroles) include audio recordings, allowing students to listen, record, and practice new vocabulary outside of class. Interactive activities for vocabulary and grammar, many of which are auto-graded, give students the opportunity to complete their assignments and come to class better prepared to participate in paired and group activities. Prononcez bien! activities include a recording feature and provide students with opportunities for discrete-word and contextualized practice that help students develop confidence in their speaking abilities. Recordings of lively mini-dialogues featuring the blog characters give students a spirited introduction to the new grammatical structure in context. Seventeen Grammaire interactive tutorials, each with a brief practice quiz, focus on structures that students typically struggle with, such as passé composé vs. imparfait. LearnSmart modules for vocabulary and grammar are available specifically for Vis-à-vis. This powerful adaptive tool helps students pinpoint their weaknesses and gives them an individualized study program based on their results. Audio prompts for vocabulary and grammar help students strengthen both their listening and writing skills. With these powerful tools, students have many opportunities to build their communicative skills, and instructors save valuable class time for interactive practice. Building cultural competence with Vis-à-vis The program's meaningful and extensive exploration of the rich culture of France and the Francophone world is fully supported throughout the program. Each four-chapter

segment of *Vis-à-vis* focuses on a new French or Francophone character and region. The personal online journal entries in *Le blog de...*, the related *Reportage*, and the *Bienvenue...* readings that precede Chapter 1 and follow Chapters 4, 8, 12, and 16, expose students to contemporary language and the vast diversity of life and culture in France, Canada, Tunisia, and beyond. *Le videoblog de...* and the stunning *Bienvenue* video segments feature the bloggers and give students a window into the sights and sounds of eight different French-speaking regions/countries including France, Martinique, and Tahiti. Each video is accompanied by comprehension and cross-cultural comparison activities that encourage students to make connections between their culture and those of the French-speaking world. A brand-new feature has been added below the *Reportage*, entitled *Le Micro-trottoir*. *Le micro-trottoir* provides students a chance to see everyday language in action through recorded "man-on-the-street" interviews featuring a diverse group of people. The interview questions are provided in the text and students will hear the interviewees respond to these questions in the video. Instructors can use these questions as a pre-viewing activity or have students ask and answer them after they watch the video. Additional activities based on the interviews are available in *Connect*. In the 7th edition, we also added a new feature entitled *Sondages* to all even-numbered chapters. *Sondages* are culture-based activities in which students look at statistics about French life and compare to their own lives. The results could serve as a basis for an end-of-semester cross-cultural comparison project.

Learn French for Beginners Jan 24 2022 Are You Looking for a Fast and Fun Way to Learn French as a Foreign Language? Then Keep Reading... You will be able to impress your friends and family with your French-speaking, reading and writing skills after reading this book. Enjoy French Intermediate to Upper Intermediate Course Mar 14 2021 Do you want to have more meaningful conversations in French? Do you want to feel comfortable in a variety of situations? Based on authentic texts, such as songs, poems, and conversations between native speakers, this course will help you improve and build upon the language you already have so that you develop your skills to a level where you can enjoy communicating in French. Incorporating information about the culture, history and geography of France and its influence on the language, you will be introduced to the more advanced points of French grammar, as well as more colloquial language, and develop your vocabulary so you can express your opinion on a number of topics, as well as react to other people's opinions. What will I achieve by the end of the course? By the end of Enjoy French you will have increased your capacity to understand the spoken and written language, and furthered your ability to communicate with French speakers, orally and in writing. This course aims to take you from a good intermediate level (B2 on the Common European Framework of Reference for languages / Advanced Low of the ACTFL) and help you progress up to a C1 / Advanced High level. Is this course for me? If you already know some French and want to take it further, this is the course for you. It's perfect for the self-study learner, with a one-to-one tutor, or for the post-beginner classroom. What do I get? A coursebook with over two hours of audio online that features: - Ten units that cover more complex situations than your basic tourist scenarios - Carefully levelled and sequenced material - a solid path to build up your knowledge - Authentic texts, such as poems, songs, excerpts and conversations to present the language - Learn through the Discovery Method which helps you notice patterns and retain the language you learn - Learn to learn - tips and advice on becoming a better language learner - Easy to use workbook format. What else can I use to learn French? If you require an absolute beginner course, you can try our Get Started in French: 9781444174595 If you want a comprehensive beginner to intermediate course, you should try our Complete French: 9781444177299 Rely on Teach Yourself, trusted by language learners for over 75 years.

Words in a French Life Nov 02 2022 Shares the author's experience as an American French major who relocated to France, married, and raised a family, in an account that shares numerous everyday French words and phrases that are unlikely to be taught in classrooms.

An English-French Dictionary of Clipped Words Jul 30 2022 This dictionary deals with the little words which everyone uses every day without even noticing them and which are so liable to escape the grasp of a speaker of another language - clipped words, obtained by back-clipping or apocope (the dropping of one or more final syllables), by front-clipping or apharesis (the dropping of one or more initial syllables), by the combination of these two processes and sometimes further transformed, especially in slang, by the addition of a new ending. The aim is not of course merely to list all these words and say from which longer words they were obtained; an attempt is made here to retrace the history of each of them, its stylistic, semantic and often morphological evolution, to illustrate this with authentic and often pungent or humorous quotations and also to show how each can be translated into the other language. Indeed this is an English-French bilingual dictionary, whose aim is to translate clipped words according to principles of historical and register fidelity which bilingual dictionaries do not ordinarily set for this type of headword. Thus, clipped words will be shown to have meaning precisely because they are clipped; consequently, this meaning must be preserved and conveyed in translation. This dictionary thus aims at being different from traditional bilingual dictionaries, dictionaries of slang and colloquialisms included, in the structure

and content of its articles, in which much space is devoted to the lexicological data, which inform the strictly lexicographical information. Special attention and care have been devoted to the system of cross-references, the recording and presentation of derived forms, variants and compounds and to the presentation of slang or colloquial synonyms of the headwords. The body of the dictionary is preceded by a preface in which the editing principles and methods are outlined and an attempt is made at analyzing the corpus : its historical, sociological and morphological aspects are reviewed, together with the motivations of those that coin or use clippings. These motivations appear essential to the proper appraisal of this body of slang and colloquial words; this dictionary's intention is to pay homage to all the unknown people who have made the lexicon richer by playing with and on words, with joyful humour, zest and gusto. It is hoped that all lovers of words will have the same pleasure exploring this dictionary as its author had writing it. Professor Fabrice Antoine teaches English at the Universite Charles-de-Gaulle Lille III (France). His research fields are bilingual lexicography, lexicology and translation; he has been a consulting editor for a dozen bilingual dictionaries, general as well as slang ones. He is especially interested in French and English slang and colloquialisms and co-hairs ELEXTRA (Etudes sur le Lexique et la Traduction), a research centre at the University of Lille.

The Interpretation of French Song Jun 04 2020 Provides general instructions for the performance and interpretation of French melodies and analyzes vocal works by eighteen composers including Berlioz, Duparc, Debussy, and Ravel

The Stranger Jun 24 2019 With the intrigue of a psychological thriller, Camus's masterpiece gives us the

story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

Art Nouveau Jul 06 2020 Rarely has a subject been served by a book of this stature. Five years in the making, it covers all aspects of Art Nouveau in France in 624 authoritative pages and 740 illustrations. Arwas traces the evolution of the movement as it developed, primarily in Nancy and Paris, with the help of carefully chosen illustrations, many never published before. Ranging from the 1900 Paris exhibition to paintings, graphics and posters and such collecting fields as furniture, jewellery, ceramics, book bindings and sculpture, the informative, witty text ranges over architecture, haute couture, and the role of women in Art Nouveau with a particular look at such theatrical icons as Sarah Bernhardt, Loïe Fuller and the *Grandes Horizontales*. Destined to become the standard book on the subject, both content and design will appeal widely to the connoisseur, the specialist and the collector, as well as to the novice who will be introduced to the magical wonders of the style.

Almost French Sep 19 2021 When he first visited Paris as a young student, artist Louis Jansen van Vuuren could never have imagined that one day he would end up owning a château in rural France. *Almost French* is the entertaining, often hilarious account of his induction over the past 21 years into all things French: snooty waiters, highbrow countesses, numerous faux pas with the French language and, of course, encounters with the infamous French bureaucracy. Turning the dilapidated Château de la Creuzette into a celebrated boutique hotel with his life partner, Hardy Olivier, required patience and perseverance. Many lessons were learnt the hard way. For instance, four heaters are not enough to heat an entire château and they will blow your power supply. Louis interweaves the stories about his life in France with fascinating snippets of history, culture, food and drink, and tradition. A must for all Francophiles and anyone who loves good living.

The Essentials of French Aug 07 2020 REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. French reviews the fundamentals of the French language, including basic pronunciation, grammar, vocabulary, and sentence structure. Other topics include cognates, numbers, idiomatic expressions, time, weather, and clothing.

French Keywords and Expressions Aug 31 2022 This combined book of key words and expressions gives you the absolutely essential words you'll need to know to navigate everyday French conversation. For example, it would be difficult to get through a single day in France without hearing each of the words *truc*, *bise* and *Pardon!* at least once. Well, these words are all here in this book, and lots more, like *défense de*, *foutu*, *fichu*, *drôle de*, *en liquide*, and *et alors?* The use of each is discussed and illustrated with examples. After reading this book, you'll not only recognize these key words if you hear or read them, but you'll also be able to use them correctly yourself. This book will be a pleasure for you. It's one of those rare finds, a book that is both very useful and fun to read!

Instant French Vocabulary Builder Jan 30 2020 Many words in French are nearly the same as their English counterparts, except for the word ending. For example, English words ending in 'ary' (ordinary) usually end in 'aire' in French (*ordinaire*). This book teaches 23 word-ending patterns between English and French and provides over 4,000 vocabulary words that follow them. Perfect as a classroom supplement or for self-study, it is appropriate for all ages and levels of experience. The companion audio CD teaches pronunciation.

The Beginning of Ideology Jun 16 2021 There was much talk about 'the end of ideology' in the last half of the twentieth century but little attempt to understand the obverse of this phenomenon - the 'beginning of ideology'. This book examines not the exhaustion but the generation of sentiments, values, ideals, justifications and actions which underlie one spectacular case of profound intellectual and social change. The Protestant Reformation, especially in its French phase, is a locus classicus of this process, viewed

here in terms of individual and group consciousness, organisation and action which moved from religious disaffection to a social dissent and finally to political revolution. Although a wide variety of sources is used, the book is based on the vast body of pamphlet material produced in the sixteenth century. most abundantly in the Francophone world. The aim of the book is to present an anatomy of the private and public consciousness reflected in the thought and action of Protestant parties and their supported during their ideological supremacy in the late sixteenth century. A case study in the 'beginning of ideology', this book is also a multi-levelled interpretation of modern Europe's first age of revolution.

The Rise of the Paris Red Belt Sep 27 2019 From 1920 until the present, the working-class suburbs of Paris, known as the Red Belt, have constituted the heart of French Communism, providing the Party not only with its most solid electoral base but with much of its cultural identity as well. Focusing on the northeastern suburb of Bobigny, Stovall explores the nature of working-class life and politicization as he skillfully documents how this unique region and political culture came into being. *The Rise of the Paris Red Belt* reveals that the very process of urban development in metropolitan Paris and the suburbs provided the most important opportunities for the local establishment of Communist influence. The rapid increase in Paris' suburban population during the early twentieth century outstripped the development of the local urban infrastructure. Consequently, many of these suburbs, often represented to their new residents as charming country villages, soon degenerated into suburban slums. Stovall argues that Communists forged a powerful political block by mobilizing the disillusionment and by improving some of the worst aspects of suburban life. As a social history of twentieth-century France, *The Rise of the Paris Red Belt* calls into question traditional assumptions about the history of both French Communism and the French working-class. It suggests that those interested in working-class politics, especially in the twentieth century, should consider the significance of residential and consumer issues as well as those relating to the workplace. It also suggests that urban history and urban development should not be considered autonomous phenomena, but rather expressions of class relations. *The Rise of the Paris Red Belt* brings to life a world whose citizens, though often overlooked, are nonetheless the history of modern France. From 1920 until the present, the working-class suburbs of Paris, known as the Red Belt, have constituted the heart of French Communism, providing the Party not only with its most solid electoral base but with much of its cultural identity as well. Focusing on the northeastern suburb of Bobigny, Stovall explores the nature of working-class life and politicization as he skillfully documents how this unique region and political culture came into being. *The Rise of the Paris Red Belt* reveals that the very process of urban development in metropolitan Paris and the suburbs provided the most important opportunities for the local establishment of Communist influence. All you need is the proper material, idioms, and sentence structures within this book. Ready to begin your journey to becoming conversational in French? Then scroll up and grab your copy now!

When in French Oct 21 2021 A language barrier is no match for love. Lauren Collins discovered this firsthand when, in her early thirties, she moved to London and fell for a Frenchman named Olivier—a surprising turn of events for someone who didn't have a passport until she was in college. But what does it mean to love someone in a second language? Collins wonders, as her relationship with Olivier continues to grow entirely in English. Are there things she doesn't understand about Olivier, having never spoken to him in his native tongue? Does "I love you" even mean the same thing as "je t'aime"? When the couple, newly married, relocates to Francophone Geneva, Collins—fearful of one day becoming "a Borat of a mother" who doesn't understand her own kids—decides to answer her questions for herself by learning French. When in French is a laugh-out-loud funny and surprising memoir about the lengths we go to for love, as well as an exploration across culture and history into how we learn languages—and what they say about who we are. Collins grapples with the complexities of the French language, enduring excruciating role-playing games with her classmates at a Swiss language school and accidentally telling her mother-in-law that she's given birth to a coffee machine. In learning French, Collins must wrestle with the very nature of French identity and society—which, it turns out, is a far cry from life back home in North Carolina. Plumbing the mysterious depths of humanity's many forms of language,

Collins describes with great style and wicked humor the frustrations, embarrassments, surprises, and, finally, joys of learning—and living in—French.

Conversational French Dialogues May 28 2022 Is conversational French turning a little too tricky for you? Do you have no idea on how to order a meal or book a room at a hotel? If your answer to any of the previous questions was 'Yes', then this book is for you! If there's even been something tougher than learning the grammar rules of a new language, it's finding the way to speak with other people in that tongue. Any student knows this – we can try our best at practicing, but you always want to avoid making embarrassing mistakes or not getting your message through correctly. 'How do I get out of this situation?' many students ask themselves, to no avail, but no answer is forthcoming. Until now. We have compiled MORE THAN ONE HUNDRED French Stories for Beginners along with their translations, allowing new French speakers to have the necessary tools to begin studying how to set a meeting, rent a car or tell a doctor that they don't feel well! We're not wasting time here with conversations that don't go anywhere: if you want to know how to solve problems (while learning a ton of French along the way, obviously), this book is for you! How Conversational French Dialogues works: Each new chapter will have a fresh, new story between two people who wish to solve a common, day-to-day issue that you will surely encounter in real life. A French version of the conversation will take place first, followed by an English translation. This ensures that you fully understood just what it was that they were saying! Before and after the main section of the book, we shall provide you with an introduction and conclusion that will offer you important strategies, tips and tricks to allow you to get the absolute most out of this learning material. That's about it! Simple, useful and incredibly helpful; you will NOT need another conversational French book once you have begun reading and studying this one! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Conversational French Dialogues and start learning French right now!

Stories for French Feb 10 2021 Stories For French is a collection of short stories selected with a pedagogical interest in mind... to give new readers in French literature to read in a both interesting and progressive way... Most learners of French never make it to reading books... or even stories... They either use or don't use their command of French to some extent in the course of their job and... leave it at that... All the same teachers regularly get requests for books and reading material from their students... and here is a good start... Training people over the years has shown me the need for a carefully chosen selection that would motivate -while encourage- the learners to take their command of French beyond this... let them keep learning while they are enjoying the read... the way I had already done it with songs and music in Singin' To English... and I encourage French teachers to do likewise with French songs...

*French: One Week French Mastery May 16 2021 Discover How to Learn French in Just One Week with This Easy to Learn Method **** This is a Proven Step by Step Method to Learning French as an English Speaker - +1000 Common Phrases Included **** As an educator for more than 20 years, I'm a fan of teaching others. Basic grammar and pronunciation, so you will feel comfortable*

talking in French The fundamental vocabulary that will get you off your feet basic slang and other tips to interact better with the locals! Phrases to use when traveling to Italy Other resources to continue learning and improving your mastery of the language

A History of the French & Indian Wars, 1689-1766 Dec 11 2020 A century of warfare to claim a continent This unique Leonaur book provides an overview of all the conflicts in North America during the later 17th and 18th centuries, to the close of the Seven Years' War and on the Western frontier prior to the American Revolution. The overarching issue during this period was which European power, Britain or France, would succeed in dominating that part of the Americas. Each side had its own regular troops and locally raised militias, together with distinctive Native-American allies divided by the deep enmity between the Huron and the Iroquois nations. In these pages the reader will chronologically follow the bloody warpath through King William's War, Queen Anne's War, King George's War, the fighting in the Ohio Valley, Braddock's Defeat, the Battle at Lake George, the fall of Louisbourg, and the struggles for the frontier forts including William Henry, Ticonderoga, Frontenac and Du Quesne. Johnson's account concludes with the campaign that led to the fall of Quebec and French defeat in Canada. To provide context this book also includes an account of the Ohio Indian War led by the Ottawa war chief, Pontiac, which broke out in 1763 and led to the final expulsion of French forces from North America. Contains maps and illustrations. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket.

Tocqueville and the French Jul 18 2021 With his lifelong examination of the relation between freedom and equality in modern societies, Alexis de Tocqueville is the most widely shared icon of Franco-American political culture. Until now, his American readers have not been in a position to recognize the extent to which, even when his ostensible subject was America, Tocqueville was engaging in hotly contested debates about French society and politics. Françoise Melonio's Tocqueville and the French allows for a clearer understanding of Tocqueville's writings by supplying their missing French context, from the time he wrote Democracy in America and The Old Regime and the French Revolution to the present. With its contextualization and interpretation of his works Tocqueville and the French will compel the attention of historians, sociologists, political scientists, and concerned citizens for whom Tocqueville remains perhaps the single most important interpreter of American society and culture.

Expressing Opinions in French and Australian English Discourse Mar 02 2020 Based on the analysis of conversations between French and Australian English speakers discussing various topics, including their experiences as non-native speakers in France or Australia, this book combines subjective personal testimonies with an objective linguistic analysis of the expression of opinion in discourse. It offers a new perspective on French and Australian English interactional style by examining the discourse markers think, je pense, je crois and je trouve. It is shown that the prosody, intonation unit position, and the surrounding context of these markers are all fundamental to their function and meaning in interaction. In addition, this book offers the first detailed comparative semantic study of the three comparative French

expressions in interaction. The book will appeal to all those interested in linguistics, French and Australian English interactional style, cross-cultural communication, and discourse analysis. Students and teachers of French will be interested in the semantic analysis of the French expressions, the authentic interactional data and the personal testimonies of the participants. "Kerry Mullan's work constitutes a substantial and original contribution to cross-linguistic and cross-cultural comparison. The book's best contribution is indeed in the insightfulness of the contextual analyses of the chosen markers, which renders the claims made about the French and Australian English interactional styles thoroughly convincing." Elise Karkkainen, University of Oulu "The book will not fail to satisfy its readers about many intriguing linguistic differences between French and Australians that may prove to reflect some deeper cultural differences regarding the degree to which speakers can openly express opinions." Hilary Chappell, Ecole des Hautes Etudes en Sciences Sociales, Paris

Flirting with French Jun 28 2022 "A delightful and courageous tale and a romping good read. Voila!" —Mark Greenside, author of *I'll Never Be French (No Matter What I Do)* William Alexander is more than a Francophile. He wants to be French. There's one small obstacle though: he doesn't speak la langue française. In *Flirting with French*, Alexander sets out to conquer the language he loves. But will it love him back? Alexander eats, breathes, and sleeps French (even conjugating in his dreams). He travels to France, where mistranslations send him bicycling off in all sorts of wrong directions, and he nearly drowns in an immersion class in Provence, where, faced with the riddle of masculine breasts, feminine beards, and a turkey cutlet of uncertain gender, he starts to wonder whether he should've taken up golf instead of French. While playing hooky from grammar lessons and memory techniques, Alexander reports on the riotous workings of the Académie française, the four-hundred-year-old institution charged with keeping the language pure; explores the science of human communication, learning why it's harder for fifty-year-olds to learn a second language than it is for five-year-olds; and, frustrated with his progress, explores an IBM research lab, where he trades barbs with a futuristic hand-held translator. Does he succeed in becoming fluent? Readers will be as surprised as Alexander is to discover that, in a fascinating twist, studying French may have had a far greater impact on his life than actually learning to speak it ever would. "A blend of passion and neuroscience, this literary love affair offers surprise insights into the human brain and the benefits of learning a second language. Reading William Alexander's book is akin to having an MRI of the soul." —Laura Shaine Cunningham, author of *Sleeping Arrangements* "Alexander proves that learning a new language is an adventure of its own--with all the unexpected obstacles, surprising breakthroughs and moments of sublime pleasure traveling brings." —Julie Barlow, author of *Sixty Million Frenchmen Can't Be Wrong*

Vichy Air Force at War Oct 01 2022 "At the beginning of World War II the French faced the German invasion with 4,360 modern combat aircraft and 790 new machines currently arriving from French and American factories each month. When the phony war finally ended, some 119 of 210 squadrons were ready for action on the north-eastern front. The others were reequipping or stationed in the French colonies. Of the 119 squadrons France could bring into action only one-fourth of the aircraft were battle-ready. With France overrun by June 1940, what remained of the French air force was either concentrated in the unoccupied zone or had been hastily redeployed to the colonies. Nonetheless, in retaliation for the British attack on the French fleet in Oran, French bombers, based in French Morocco, carried out retaliatory air raids over Gibraltar. The Armée de l'Air de Vichy was born and would fight to the best of its ability against the Free French's allies in theatres as distant as north-west Africa, Syria, Lebanon, Madagascar and the Far East. Not only would they take to the skies against the British and later the Americans, they would also willingly take part in aerial duels against Free French pilots. Only a handful of books have been written on French aircraft, but never has there been a complete history of the operations of the Vichy Air Force and its fratricidal war. This title literally spans the globe, examining forgotten air combats. It is also important to note that many of the Vichy pilots that survived the air combats later volunteered to join the Free French and would fight with great courage and distinction alongside the very pilots that they had been trying to kill. This book describes all major theatres of combat, examines the aircraft flown and lengthy appendices cover operational units, victory credits and

the Aeronautique Navale"--Dust jacket.

100+ Fun Ideas for Teaching French Across the Curriculum in the Primary Classroom Apr 02 2020 Bring French to life and make it meaningful by linking it to other subjects using a Content Language Integrated Learning (CLIL) approach. The practical, easy-to-use ideas in this book will make it easy to integrate language learning across the curriculum. By incorporating French into maths, science, history, geography, ICT, etc, language learning will complement and enhance learning in other subjects, rather than compete with them for crucial teaching and learning time. Telling you that "six fois sept est egal 42" is much more exciting for your class than just practising time tables! With the help of this book, soon your pupils will be able to tell you "Oui, c'est exact" if their science predictions were correct or enjoy being able to "envoyer un document" (send a document) in ICT.
