Let our study guides guide you along the path to the professional career of your dreams

The Economics of Property-Casualty Insurance Oct 16 2021 The Economics of Property-Casualty Insurance presents new research and findings on key aspects of the economics of the property-casualty insurance industry. The volume explores the industrial organization, regulation, financing, and taxation of this business. The first paper, on external financing and insurance cycles, contains a wealth of information on trends and patterns in the industry's financial structure. The last essay, which compares performance of stock and mutual insurance companies, takes a fresh look at the way a company's organizational structure affects its responses to different economic situations. Two papers focus on rate regulation in the auto insurance industry, and provide broad overviews of the structure and economics of the insurance industry as a whole. Also addressed are the system of regulating insurance companies in the United States, who insures the insurers, and the effects of tax law changes in the 1980s on the prices of insurance policies.

Introduction to Ratemaking and Loss Reserving for Property and Casualty Insurance Mar 21 2022

*Fundamentals of Property and Casualty Reinsurance with a Glossary of Reinsurance Terms* Dec 06 2020 Each year, the Reinsurance Association of America (RAA) receives countless inquiries regarding the mechanisms and technicalities of the reinsurance business. This publication should answer many of those questions. First published in 1972, this booklet reflects the efforts and input of several of the most experienced reinsurance terminology experts in the industry. It is only through their efforts that we are able to produce such a complete and accurate publication, and we thank them for their time, patience and willingness to contribute. As in the case of previous editions, the RAA is publishing this booklet in the belief that it will be both an informative educational tool and a convenient reference for practitioners. While we have attempted to ensure that definitions reflect current industry practices, we do not suggest that it be considered authoritative for the resolution of legal disputes.

**Property and Casualty Insurance Concepts Simplified** Sep 27 2022 This book details key property and casualty concepts rarely discussed or found in print; rather they are often left to be "discovered" over time. These important concepts are now written down for all insurance practitioners to easily access. Examples of the topics and concepts found in this book include rules for reading ANY insurance policy; why losses are excluded; contractual risk transfer; legal liability theories; "COPE" details; and the proper explanation of coinsurance concepts. Also included is a rather extensive glossary of insurance and insurance-related terms. Readers will: 1) Gain a deeper understanding of insurance theories; 2) Be better prepared to explain insurance concepts to their clients; and 3) Develop a greater appreciation and understanding of the claims valuation process.

**Pathfinder Property and Casualty** Nov 24 2019

A Guide for Property and Casualty Insurance on Churches Apr 29 2020

Federal Income Taxation of Property and Casualty Insurance Companies Apr 22 2022 This is the first book to address the special rules that apply to the taxation of all property and casualty insurance companies, including life insurance companies with property/casualty insurance operations. It covers the special rules that apply to the taxation of captive insurance companies in addition to the general rules that are usually applicable to a captive insurance company. At the same time, it examines the fact that many healthcare organizations are now considered to be insurance companies and will be taxed as such under all the various healthcare reform proposals. Includes a sample tax return for property and casualty insurance companies, Form 1120PC, and guidance on how to read and review a property and/or casualty company annual report.

*How to Sell Property and Casualty Insurance 2nd Edition: Understanding Insurance Sales, Tips and Techniques.* Jun 12 2021 When a marketing rep comes into your office or someone from the management team and tells you to, 'Sell the value', how often do you find yourself rolling your eyes? As a former agency owner and now a consultant, I often find myself spouting the same slogan. Why? Because, I have done it and done it quite successfully. Whenever a rep came into my office and told me to sell the value of carrier X, I would think that's something an expensive company would say or an overpriced company, because what else could they say? We've officially entered a hard market cycle in California on the personal lines side, which is strange to even say. The market has tightened up and many carriers are non-renewing or reducing underwriting appetite to not take on a lot of new business in California. This is why I started writing in 2014 and again in 2017, 2018 and 2019. In my estimation our industry is going to see a massive shift over the next 3 or 4 years. A shift from judgement underwriting to block chain and data underwriting. Artificial intelligence has already been

underwriting, selling and handling claims for smaller insure-tech companies for the past 4 years. This is a prevalent trend in our industry. But, why? Why? Because, we have shifted our focus from selling peace of mind to selling a price. Why? Because, we have put more value on talking about premium, payments and price, than having hard conversations about protecting assets and families. We have shifted hard on price, and almost every insurance company has followed suit in their marketing efforts. Almost exclusively every billboard, social media ad and print ad espouses X insurance carrier savings you up to 25-43% on your insurance per year. The conversation has shifted in a way that will cannibalize our industry and wrongfully set expectations for consumers. A recent study by insurancequotes.com found that around 80% of consumers self-report in blind surveys that consumers shop or are prompted to shop based on price. This study is congruent with most studies down on consumer behaviour.

Property and Casualty Insurance License Feb 26 2020 Provides information on exam objectives, test-taking tips, key concepts, and practice questions and answers.
