The Dive Feb 10 2021 The city has a lot to offer. It's 1987, and the urban haze has lured young George Wentworth to the centre of Toronto for a summer of fun before seriously looking for work. But the reality is not what he had imagined. Months in, he is broke, unemployed, and disenchanted. Finally, when approached by two men with a different offer of work, he takes it, without hesitation. But as the crowd welcomes him in, George finds himself in a world he never imagined - a world of crime, drugs and deception - where mistakes are often costly....

Dry Sterile Thunder Mar 14 2021 New D.A. Katie O'Brien (heroine of Saigon Landing) has a real problem. A possible serial killer is terrorizing her Alabama community, and she and veteran homicide investigator, Bobby Franks, are struggling to decipher taunting "clues" left at the scenes of the ritualistic killings. Although she's a veteran trial lawyer with a background in psychology, Katie's unable to zero in on the arrogant but clever killer. With the help of longtime friend, Avery May, Katie eventually determines that the clues are coded to successive sections of an eighty-odd-year-old poem. But this realization only produces a string of suspects with no clear evidence of guilt as to any of them. Even worse, a horrible possibility exists that other victims have already been assigned to the remaining sections of the poem. Time is clearly running out for Katie, Bobby Franks, and Avery May

Teaching How to Learn Apr 02 2020 This innovative guidebook offers proven methods to strengthen instruction and help K-12 students acquire successful learning strategies using the SOAR approach: Selecting key lesson ideas; Organizing information using comparative charts and other representations; Associating ideas to create meaningful, memorable connections; and Regulating and reinforcing learning through practice.

Succession Planning for Small and Family Businesses Feb 22 2022 Who will lead your organization into the future? Have you created the systems to properly implement required succession transitions? Have you put the financial tools in place to fund the transition? Do you want a plan that connects with your personal and company core values? When do you include timely planning related to strategy and talent issues? What are the appropriate communication strategies for sharing your plan? What legal issues need consideration related to the strategy, financial, and people aspects of succession? So, what is preventing you from starting this effort tomorrow? Small and family businesses are the bedrock of all businesses. More people are employed by small and family-owned businesses than by all multinational companies combined. Yet the research on small and family businesses is bleak: fewer than one-

third of small business owners in the United States can afford to retire. Only 40% of small businesses have a workable disaster plan in case of the sudden death or disability of the owner, and only 42% of small businesses in the United States have a succession plan. Fewer than 11% of family-owned businesses make it to the third generation beyond the founder. Lack of succession planning is the second most common reason for small business failure. Many organizations often wonder where to start and what to do. *Succession Planning for Small and Family Businesses: Navigating Successful Transitions* presents a comprehensive approach to guiding such efforts. Small and family-owned businesses rarely employ first-rate, well-qualified talent in human resources. More typically, business owners must be jacks-of-all-trades and serve as their own accountants, lawyers, business consultants, marketing experts, and HR wizards. Unfortunately, that does not always work well when business owners embark on planning for retirement or business exits. To help business owners avert problems, this book advises on some of the management, tax and financial, legal, and psychological issues that should be considered when planning retirement or other exits from the business. This comprehensive approach is unique when compared to the books, articles, and other literature that currently exist on the market. This book takes on a bold and integrated approach. Relevant research combined with the rich experiences of the authors connects this thorough, evidence-based approach to action-based approaches for the reader.

Everyday Modifications for your MGF and TF Oct 01 2022 The books in the Everyday Modifications series from Crowood are designed to guide classic car owners through the workshop skills needed to make their cars easier to use and enjoy. MG expert Roger Parker offers his advice on a range of modifications and changes that can be applied to the MGF and MG TF, which will enhance the practical daily use of the cars. With important and specific safety information and advice throughout, the book also covers: body and interior changes; brake, suspension and steering upgrades; wheel and tyre options; powertrain upgrades; electrical system upgrade options and finally, setting up and specific maintenance aspects. Illustrated with over 450 images, this is a valuable technical resource for the MGF and TF owner.

Two Soldiers Jan 12 2021 An explosive thriller of drugs, gang warfare, and two fatherless teenage boys on the wrong side of the law. In a bleak Stockholm suburb where juvenile gang crime is rapidly on the rise, two 19-year-old boys, best friends since third grade and drug addicts since age 9, have spent their young lives establishing a ruthless criminal enterprise--known as the Raby Warriors. With the recruitment of children as foot soldiers, the Warriors are now poised to become the most powerful syndicate in the region. Twenty years on the force, Jose Pereira now heads the Organized Crime and Gang Section in Raby. If it was not so deadly, Pereira might appreciate the absurdity of watching boys like Leon and Gabriel, raised on Hollywood images, morph themselves into characterizations of gangsters. After Leon and Gabriel execute a maximum-security prison break, in which a female guard is kidnapped and feared murdered, Pereira Chief Superintendent Ewert Grens joins the investigation, a maverick detective who never gives up. For Grens, this case awakens troubled ghosts from his past. Soon all four are on a violent collision course that will irrevocably change all their lives.
