**The Improbable Adventures of a Middle-Aged Woman** Feb 09 2021 Beyond the Bucket List When her daughter was born with a devastating medical condition, Jennifer Lawler set out to make a good life despite the circumstances. She wanted the story to be "kickass mother of a special kid hangs on to her dream of being a writer no matter what." But life takes its toll, despite our best intentions. At the start of this story, our intrepid heroine wakes up in middle age, disillusioned and discouraged; her dream has gotten a little dusty and holding on to it is not as rewarding as she had expected. Grit and determination feel more like grinding routine, especially since her beloved daughter, now eighteen, still needs round-the-clock care. Goals and to-do lists have turned into just another kind of jail. Recognizing this as the onset of a midlife crisis, Jennifer does what anyone would. She makes a bucket list, then sets out to reawaken her spirit by doing all the things she ever wanted to do: reconnect with her Irish roots, live on a houseboat in the Florida Keys, learn guitar from a session player in Nashville. There are only two snags: life has limits, and her funny, challenging, brilliant daughter is almost always in tow. Teetering on the edge of a cliff in Ireland, searching fruitlessly for a place to stay during a wild summer storm in the West Highlands, getting lost in Munich, talking to the one person in Eastern Europe who'll admit to missing communism, and, finally, confronting the fact that her daughter isn't nearly as interested in guitar-playing and house-boating as she is, Jennifer discovers that happiness has nothing to do with lists.

*Improbable Women* Nov 20 2021 Zenobia was the third-century Syrian queen who rebelled against Roman rule. Before Emperor Aurelian prevailed against her forces, she had seized almost one-third of the Roman Empire. Today, her legend attracts thousands of visitors to her capital, Palmyra, one of the great ruined cities of the ancient world. In the nineteenth and early twentieth centuries, during the time of Ottoman rule, travel to the Middle East was almost impossible for Westerners. That did not stop five daring women from abandoning their conventional lives and venturing into the heart of this inhospitable region. *Improbable Women* explores the lives of Hester Stanhope, Jane Digby, Isabel Burton, Gertrude Bell, and Freya Stark, narrating the story of each woman's pilgrimage to Palmyra to pay homage to the warrior queen. Although the women lived in different time periods, ranging from the eighteenth century to the mid-twentieth century, they all had middle- to upper-class British backgrounds and overcame great societal pressures to pursue their independence. Cotterman situates their lives against a backdrop of the Middle Eastern history that was the setting for their adventures. Divided into six sections, one devoted to Zenobia and one on each of the five women, *Improbable Women* is a fascinating glimpse into the experiences and characters of these intelligent, open-minded, and free-spirited explorers.

**Funnybooks** Jun 03 2020 *Funnybooks* is the story of the most popular American comic books of the 1940s and 1950s, those published under the Dell label. For a time, "Dell Comics Are Good Comics" was more than a slogan—it was a simple statement of fact. Many of the stories written and drawn by people like Carl Barks (Donald Duck, Uncle Scrooge), John Stanley (Little Lulu), and Walt Kelly (Pogo) repay reading and rereading by educated adults even today, decades after they were published as disposable entertainment for children. Such triumphs were improbable, to say the least, because midcentury comics were so widely dismissed as trash by angry parents, indignant librarians, and even many of the people who published them. It was all but miraculous that a few great cartoonists were able to look past that nearly universal scorn and grasp the artistic potential of their medium. With clarity and enthusiasm,

Barrier explains what made the best stories in the Dell comic books so special. He deftly turns a complex and detailed history into an expressive narrative sure to appeal to an audience beyond scholars and historians.

The Improbable Community Mar 01 2020 "We are all a little wild here with numerous projects of social reform," Ralph Waldo Emerson wrote in 1840 about the spirit of his time. "Not a reading man but has a draft of a new community in his waistcoat pocket." Almost a century later, five idealists, similarly committed to social reform, founded a new community, Camp Woodland, in upstate New York inspired by the spirit of their time. Some founders were educators. Others contributed administrative talents to the camp's operations. All were committed to racial and social justice and cultural diversity. Well before the currency of the Civil Rights Movement, Camp Woodland introduced a racially and ethnically diverse group of campers and staff into a traditional, rural community and succeeded in having its progressive vision accepted and embraced by its neighbors. How was a camp like Woodland able to become part of the rural community in which it was located? How did it earn the trust and acceptance of its mountain neighbors? And how was it able to harmonize potentially incompatible cultures? The Improbable Community tells the story of this achievement and recounts the collection of folk music, folklore and history by Camp Woodland that was an outgrowth of the friendships it formed.

Yet by the close of the century, the institution had regained its stature as one of the greatest universities in the world. According to the New York Times, "If any one person is responsible for Columbia's recovery, it is surely Michael Sovern." In this memoir, Sovern, who served as the university's president from 1980 to 1993, recounts his sixty-year involvement with the institution after growing up in the South Bronx. He addresses key issues in academia, such as affordability, affirmative action, the relative rewards of teaching and research, lifetime tenure, and the role of government funding. Sovern also reports on his many off-campus adventures, including helping the victims of the Tuskegee syphilis experiment, stepping into the chairmanship of Sotheby's, responding to a strike by New York City's firemen, a police riot and threats to shut down the city's transit system, playing a role in the theater world as president of the Shubert Foundation, and chairing the Commission on

**Truth Or Consequences** Aug 06 2020 "At sixty, Daniel Asa Rose was a successful Massachusetts novelist, memoirist, and columnist for Esquire, GQ, Washington Post Book World and elsewhere, when, out of the blue (but not really), his wife filed for divorce. Before he slips completely into the cocktail of depression, doubt, self-loathing and anger that he mixes for himself, his lifelong friend Tony calls with a proposition: a trip back to the place where, forty years before, their hippy college kid road trip had come to a crashing halt where they were T-boned at an intersection in Truth or Consequences, New Mexico. Dan should have died in the crash. Liquor flows, pranks are common, and although not always willing, George becomes a new man. He realizes life is what you make of it, and there are so many possibilities. Laugh out loud when Marion scares away the clientele and staff of a boutique or when George challenges Topper to a duel with clam shells. Thorne Smith's ghosts, their wit and repartee, are bound to entertain. Topper is the perfect beach read. As captivating today as when it was first written in 1926, Topper set the standard for a host of other ghost stories and was made into a movie starring Cary Grant (1936) and adapted for a TV series (1953). A remake of the movie is scheduled starring comedian Steve Martin as Topper, but no production start date has been set. "[Thorne Smith] created the modern American ghost. A ghost with style and wit. A ghost that haunts us still." --New York Times

*American on Purpose* Sep 30 2022 In *American on Purpose*, Craig Ferguson delivers a moving and achingly funny memoir of living the American dream as he journeys from the mean streets of Glasgow, Scotland, to the comedic promised land of Hollywood. Along the way he stumbles through several attempts to make his mark—as a punk rock musician, a construction worker, a bouncer, and, tragically, a modern dancer. To numb the pain of failure, Ferguson found comfort in drugs and alcohol, addictions that eventually led to an aborted suicide attempt. (He forgot to do it when someone offered him a glass of sherry.) But his story has a happy ending: success on the hit sitcom *The Drew Carey Show*, and later as the host of CBS's *Late Late Show*. By far Ferguson's greatest triumph was his decision to become a U.S. citizen, a milestone he achieved in early 2008. In *American on Purpose*, Craig Ferguson talks a red, white, and blue streak about everything our Founding Fathers feared.

*The Improbable Wonders of Moojie Littleman* May 15 2021 Having won 21 awards, *The Improbable Wonders of Moojie Littleman* is being lauded as a classic. Early 1900s, Western America. A lonely, disabled boy with a nasty temper and miraculous healing powers, Moojie is taken by his father to live at his grandfather's wilderness farm. There, Moojie meets otherworldly outcasts and wants to join them. Following a series of trials—magical and mystical—he is summoned by the call to a great destiny ... if only he can survive one last terrifying trial.

*The Improbable Life of Ricky Bird* Aug 18 2021 If you were charmed by *The Curious Incident*, laughed with Eleanor Oliphant and cried over *A Man Called Ove*, you will love *Ricky Bird*. No one loved making forts more than Ricky. A fort was a place of safety and possibility. It shut out the world and enclosed her and Ollie within any story she wanted to tell ... *Ricky Bird* loves making up stories for her brother Ollie almost as much as she loves him. The imaginary worlds she creates are wild and whimsical places full of unlimited possibilities. Real life is another story. Ricky's father has abandoned them and the family has moved to a bleak new neighbourhood. Worse still, her mother's new boyfriend, Dan, has come with the furniture. But *Ricky Bird* is a force to be reckoned with. As the mastermind of so many outlandish

adventures, her imagination is her best weapon. As her father used to say, if you can spin a good yarn you can get on in life. The trouble is that in the best stories characters sometimes take on a life of their own and no one, not even Ricky, is able to imagine the consequences. Beautifully written, heartbreakingly funny and deeply moving, this book has already been compared to *The Curious Incident of the Dog in the Night-time*, *Lost and Found*, *Shuggie Bain*, *Eleanor Oliphant is Completely Fine* and *A Monster Calls*. But Ricky's story is all her own – and it will stay with you long after the last page. 'Fierce and wonderful and utterly singular, Ricky embodies the sheer joy and transformative power of storytelling.' Kate Mildenhall, author of *The Mother Fault* and *Skylarking* 'A wise, tender but unflinching portrait of an ordinary family and the extraordinary girl at its heart. Ricky – fragile, tough, endearing and funny – is a fabulous creation. She'll walk around in my world all year, and more.' Kristina Olsson, award-winning author of *Shell and Boy*, *Lost*
