Attack of the Copula Spiders Jan 17 2022 A GLOBE & MAIL BEST BOOK OF THE YEAR FOR 2012 "Glover is a master of narrative structure." —Wall Street Journal In the tradition of E.M. Forster, John Gardner, and James Wood, Douglas Glover has produced a book on writing at once erudite, anecdotal, instructive, and amusing. *Attack of the Copula Spiders* represents the accumulated wisdom of a remarkable literary career: novelist, short story writer, essayist, teacher and mentor, Glover has for decades been asking the vital questions. How does the way we read influence the way we write? What do craft books fail to teach aspiring writers about theme, about plot and subplot, about constructing point of view? How can we maintain drama on the level of the sentence—and explain drama in the sentences of others? What is the relationship of form and art? How do you make words live? Whether his subject is Alice Munro, Cervantes, or the creative writing classroom, Glover's take is frank and fresh, demonstrating again and again that graceful writers must first be strong readers. This collection is a call-to-arms for all lovers of English, and *Attack of the Copula Spiders* our best defense against the assaults of a post-literate age. Douglas Glover is the award-winning author of five story collections, four novels, and two works of non-fiction. He is currently on the faculty of the Vermont College of Fine Arts MFA in Writing program. Praise for Douglas Glover "So sharp, so evocative, that the reader sees well beyond the tissue of words into ... the author's poetic grace." - The New Yorker "Glover invents his own assembly of critical approaches and theories that is eclectic, personal, scholarly, and smart ... a direction for future literary criticism to take." - The Denver Quarterly "A ribald, raunchy wit with a talent for searing self-investigation." - The Globe and Mail "Knotty, intelligent, often raucously funny." - Maclean's "Passionately intricate." - The Chicago Tribune "Darkly humorous, simultaneously restless and relentless." - Kirkus Reviews

Atrocitas Aqua Oct 02 2020 Herman Melville said it best when he proclaimed that every path eventually leads to the sea. For it is the sea that holds our most sacred and terrifying fears, yet it also holds a glorious mysticism over us as a race, an attraction so strong that most of us flock to beaches, river banks, creeks, and lakes at every opportunity to stare out into the vast blueness and wonder: what's out there? Take my hand, Dear Reader, and swim with me through this journey of sixteen tales of watery terror. As we swim, if something reaches out of the darkness and gropes for your ankle, if something pulls you deeper into the depths of liquid madness, if your breath is stolen from you and you find yourself inhaling nothing but muddied water... do not fear, for it is just the ocean reclaiming what is already hers: your soul.

Collected Writings Sep 01 2020 "Given the fact that his music is being heard with increasing frequency both on CDs and at new music festivals throughout the world, it is somewhat of an understatement to say that Brian Ferneyhough's reputation as a composer is certainly not in need of bolstering. Until now, however, Ferneyhough's writings about music, although numerous, have appeared in various languages, widely scattered and difficult, if not impossible, to find. The present collection brings together the majority of the composer's extant writings, many of them appearing here in English for the first time, along with some edited transcripts of informal talks, and a number of major interviews. Although the

vast majority of the texts deal with Ferneyhough's compositions, there are others which reflect his activities as a highly influential composition teacher, and some which touch on his recent work as a poet. Together, the writings provide a fascinating and engaging means of insight into the workings of the mind of a composer whose output could be regarded as one of the most significant of this century."--BOOK JACKET.
