The Names of All the Flowers Nov 21 2021 A “poignant, painful, and gorgeous” memoir that explores siblinghood, adolescence, and grief for a family shattered by loss (Alicia Garza, cocreator, Black Lives Matter). Melissa and her older brother Junior grow up running around the disparate neighborhoods of 1990s Oakland, two of six children to a white Quaker father and a black Southern mother. But as Junior approaches adolescence, a bullying incident and later a violent attack in school leave him searching for power and a sense of self in all the wrong places; he develops a hard front and falls into drug dealing. Right before Junior’s twentieth birthday, the family is torn apart when he is murdered as a result of gun violence. *The Names of All the Flowers* connects one tragic death to a collective grief for all black people who die too young. A lyrical recounting of a life lost, Melissa Valentine’s debut memoir is an intimate portrait of a family fractured by the school-to-prison pipeline and an enduring love letter to an adored older brother. It is a call for justice amid endless cycles of violence, grief, and trauma, declaring: “We are all witness and therefore no one is spared from this loss.” “A portrait of a place, a person who died too young, the systems that led to that death, and the keen insights of the author herself. Lyrical and smart, with appropriate undercurrents of rage.” —Emily Raboteau, author of *Searching for Zion* “Eloquently poignant.” —Kirkus Reviews

A Season of Flowers (Tilbury House Nature Book) Sep 07 2020 Michael Garland (Daddy Played the Blues) displays his impressive illustration range with the stylized, country-quilt, digital collage illustrations of *A Season of Flowers*. Snowdrops and crocuses yield to tulips and hyacinths, then dogwood blossoms, iris, lupine, daisies, morning glories, daylilies, geraniums, peonies, sunflowers, roses, and chrysanthemums as spring passes to summer, then autumn. At last the garden slumbers into winter under a blanket of snow, preparing next year's procession of blooms. Like actors crossing a stage, flowers narrate the passing seasons in the first person, each one briefly proclaiming its unique and vital role in the natural world. Backmatter descriptions complete this child's introduction to a garden year, in which the passage of time is vividly realized. Fountas & Pinnell Level L

Michael De Feo: Flowers Aug 19 2021 As an art student in 1993, Michael De Feo drew a simple bloom that became a familiar and welcome presence in New York after he spent countless nights pasting hundreds of versions of it all over the city's building walls. Twenty-five years later, these flowers have been sighted in more than 60 international cities. His street works took a new direction in 2015 when a guerrilla art collective provided him access to the cases that protect bus-shelter ads, enabling him to launch a beautiful campaign of his blossoms on top of fashion ads. His art has taken many forms, including a substantial body of studio work inspired by Dutch 17th-century paintings and another series which married floral themes with Pre-Raphaelite and Victorian portraiture. De Feo's colorful and lively book reproduces more than 200 of his flower-inspired images and features commentary from a diverse group of people who have supported his often-clandestine work.

Cool Flowers Sep 27 2019 Everyone longs for fragrant spring blossoms – Snapdragons, Bells of Ireland, Sweet Peas, Sweet Williams and other beauties. But few grow them

successfully in their own gardens because they haven't learned the simple techniques that make it possible. Expert flower grower Lisa Mason Zeigler introduces us to the long-blooming stars of the spring garden, the hardy annuals – those flowers that thrive when they are planted during cool conditions (instead of waiting until the warmth of spring). Forget “Some Like It Hot,” she advises, and give them a cool start. Plant them in the right spot at the right time, nestle their roots deep into rich organic soil, and stand back. In no time at all, you'll have a low-maintenance, vibrant spring flower garden that keeps on blooming when other annuals are dead and gone.

Flower Flash Nov 09 2020 From Lewis Miller, the celebrated floral designer and "Flower Bandit" himself, an intimate and joyous behind-the-scenes look at his signature Flower Flashes as they introduced bright moments of natural beauty into the city when they were needed most. Before dawn one morning in October 2016, renowned New York-based floral designer Lewis Miller stealthily arranged hundreds of brightly colored dahlias, carnations, and mums into a psychedelic halo around the John Lennon memorial in Central Park. The spontaneous floral installation was Miller's gift to the city—an effort to spark joy during a difficult time. Nearly five years and more than ninety Flower Flashes later, these elaborate flower bombs—bursts of jubilant blooms in trash cans, over bus canopies, on construction sites and traffic medians—have brought moments of delight and wonder to countless New Yorkers and flower lovers everywhere, and earned Miller a following of dedicated fans and the nickname the "Flower Bandit." After New York City entered lockdown, Miller doubled down, creating Flower Flashes outside hospitals to express gratitude to frontline health workers and throughout the city to raise spirits. This gorgeous and poignant visual diary traces the phenomenon from the first, spontaneous Flower Flash to the even more profound installations of the pandemic through a kaleidoscopic collage of photos documenting the Flower Flashes, behind-the-scenes snapshots, Miller's inspiration material, fan contributions, and more.

Hope For the Flowers Oct 01 2022 Hope for the Flowers: A must read during this time of the corona virus and civil unrest in 2020. Caterpillars, Butterflies, Life & a real Hope Revolution THE WORLD HAS BEEN COCOONING; LET US EMERGE WITH HOPE. We have all lived through months of strange relationships with ourselves and the world around us. Virtual gatherings have become the norm, while the pain, uncertainty and injustice goes on. What will our new normal possibly become? What new work? How can we do our part to heal the world from whatever limited space we have? How can our United States truly be one nation under God with liberty and JUSTICE FOR ALL? “What might I do to help others during this global crisis? Is likely still your question as well as still mine. I will continue to offer my e-book for \$2.99 with my hope that it can strengthen hope and courage in each of you and your children. We will need all we can get! If inspired, please join our Facebook group - Hope (For the Flowers) Revolution. Maybe we can inspire each other to build the better world that's possible. My hope for us is that, like our caterpillar heroes, Stripe and Yellow, we transform in the darkness of the cocoon to something new and totally unexpected. May we each find a way to use this time of darkness to light the way to justice and peace in the world. May we discover our own new beauty as we discover the beauty in our differences. May we each discover our purpose and live with passion this thing called life, while we still can. “How does one become a butterfly” Yellow asks pensively. “You must want to fly so much That you are willing to give up being a caterpillar.” I can't think of anything more transformational and radical than the change that happens when a lowly caterpillar worm becomes a flying beautiful butterfly. And it doesn't end with flying! They find their true purpose, to carry the pollen of love from one flower to another and receive in return the sweet nectar that keeps them alive. What wondrous exchange! Sharing is the answer to so much! I'm so grateful the story seems to

reach every culture, and over 3 million have loved and shared the paper version in English and countless more in other languages for 50 years. May each of us and the world flourish after this strange dark cocoon of isolation.

Woodcuts of Women Jul 06 2020 Ten moving and heartbreaking stories of love, lust, and longing among men and women struggling to find their way in the world. Written in Gilb's spare but throbbing language, each of these haunting stories featuring characters of Mexican-American heritage is crafted with a poetic, aching beauty. The men and women in these stories are often at odds with each other. Like woodcuts, the men are unable to see the women in their lives as little more than crude variations of their actual complexity—symbols of seduction, mystery, and power who ultimately bring about each male character's undoing. At turns powerful and resonant, hopeful and humorous, *Woodcuts of Women* is a tour de force by one of America's foremost Latino writers. "The sheer intensity and bravado of [Gilb's] vision make this collection succeed." —Jean Thompson, *The New York Times Book Review* "Lonely, tough stories—stories that force us to confront what's difficult in us, and in the people we love." —*Esquire* "Gilb writes of the gritty passions of man for women, grand delusions and tender mercies." —*San Francisco Chronicle*

The Language of Flowers Jun 04 2020 An adopted bumblebee learns the language of flowers from her floral family in this enchanting picture book, inspired by floriography, that celebrates one of nature's most important relationships. Deep within a magical meadow, some lonely flowers receive a very special gift: a baby bumblebee in need. The flowers name her Beatrice, they care for her and help her find her wings. And as she grows older, Beatrice learns the language of her floral family — messages of kindness and appreciation that she delivers between them. With each sweet word, the flowers bloom until the meadow becomes so big that Beatrice needs help delivering her messages and decides to set out in search of her own kind. But this little bee's quest takes her beyond the safety of the meadow and into the dangerous swamp the flowers have warned her about, a swamp inhabited by strange plants with snapping jaws and terrible teeth . . . will these prickly plants let her pass? Could they just be in need of a little sweetness themselves? A gently fanciful tale of the miracle of pollination and the important relationship between flowers and bees, this sweetly affirming story, inspired by the Victorian practice of floriography, suggests the secret to flourishing is kindness and appreciation.

The Flowers of Evil Aug 26 2019 Judicially condemned in 1857 as offensive to public morality, The Flowers of Evil is now regarded as the most influential volume of poetry published in the nineteenth century. Torn between intense sensuality and profound spiritual yearning, racked by debt and disease, Baudelaire transformed his own experience of Parisian life into a work of universal significance. With his unflinching examination of the dark aspects and unconventional manifestations of sexuality, his pioneering portrayal of life in a great metropolis and his daring combination of the lyrical and the prosaic, Baudelaire inaugurated a new epoch in poetry and created a founding text of modernism. Anthony Mortimer, already praised for his virtuoso translations of Petrarch, Dante and Villon, has produced a new version that not only respects the sense and the form of the original French, but also makes powerful English poetry in its own right.
