Eventually, you will no question discover a supplementary experience and talent by spending more cash. still when? reach you endure that you require to get those all needs in imitation of having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to comprehend even more regarding the globe, experience, some places, taking into consideration history, amusement, and a lot more?

It is your unquestionably own era to work reviewing habit. among guides you could enjoy now is **To Punish And Protect A Das Fight Against A System That Coddles Criminals** below.

To Protect and Serve Mar 10 2021 The police in America belong to the people -- not the other way around. Yet millions of Americans experience their cops as racist, brutal, and trigger-happy: an overly aggressive, militarized enemy of the people. For their part, today's officers feel they are under siege -- misunderstood, unfairly criticized, and scapegoated for society's ills. Is there a fix? Former Seattle Police Chief Norm Stamper believes there is. Policing is in crisis. The last decade has witnessed a vast increase in police aggression, misconduct, and militarization, along with a corresponding reduction in transparency and accountability. It is not just noticeable in African American and other minority communities -- where there have been a series of high-profile tragedies -- but in towns and cities across the country. Racism -- from raw, individualized versions to insidious systemic examples -- appears to be on the rise in our police departments. Overall, our police officers have grown more and more alienated from the people they've been hired to serve. In *To Protect and Serve*, Stamper delivers a revolutionary new model for American law enforcement: the community-based police department. It calls for fundamental changes in the federal government's role in local policing as well as citizen participation in all aspects of police operations: policymaking, program development, crime fighting and service delivery, entry-level and ongoing education and training, oversight of police conduct, and -- especially relevant to today's challenges -- joint community-police crisis management. Nothing will ever change until the system itself is radically restructured, and here Stamper shows us how.

National Trust: How to Help a Hedgehog and Protect a Polar Bear Jun 13 2021 Learn how you can save endangered animals and make the world a better place, too!

Daddy Will Always Love and Protect You Jun 01 2020 *Daddy Will Always Love and Protect You* illustrates a father's love for his kids. There are so many books on the market that illustrate the relationships between moms and kids, but very few for dads. Being a dad is one of the toughest yet rewarding jobs in the world. Most of our kids don't clearly understand how much we love them, how much we think about them when we are not around, and how important they are to us. This book is a short, funny, and powerful read for both dads and kids.

The Girls Feb 27 2020 THE INSTANT BESTSELLER • An indelible portrait of girls, the women they become, and that moment in life when everything can go horribly wrong NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • NPR • The Guardian • Entertainment Weekly • San Francisco Chronicle • Financial Times • Esquire • Newsweek • Vogue • Glamour • People • The Huffington Post • Elle • Harper's Bazaar • Time Out • BookPage • Publishers Weekly • Slate Northern California, during the violent end of the 1960s. At the start of summer, a lonely and thoughtful teenager, Evie Boyd, sees a group of girls in the park, and is immediately caught by their freedom, their careless dress, their dangerous aura of abandon. Soon, Evie is in thrall to Suzanne, a mesmerizing older girl, and is drawn into the circle of a soon-to-be infamous cult and the man who is its charismatic leader. Hidden in the hills, their sprawling ranch is eerie and run down, but to Evie, it is exotic, thrilling, charged—a place where she feels desperate to be accepted. As she spends more time away from her mother and the rhythms of her daily life, and as her obsession with Suzanne intensifies, Evie does not realize she is coming closer and closer to unthinkable violence. Finalist for the Los Angeles Times Book Prize • Finalist for the National Book Critics Circle John Leonard Award • Shortlisted for The Center for Fiction First Novel Prize • The New York Times Book Review Editors' Choice • Emma Cline—One of Granta's Best of Young American Novelists Praise for *The Girls* “Spellbinding . . . a seductive and arresting coming-of-age story.”—The New York Times Book Review “Extraordinary . . . Debut novels like this are rare, indeed.”—The Washington Post “Hypnotic.”—The Wall Street Journal “Gorgeous.”—Los Angeles Times “Savage.”—The Guardian “Astonishing.”—The Boston Globe “Superbly written.”—James Wood, The New Yorker “Intensely consuming.”—Richard Ford “A spectacular achievement.”—Lucy Atkins, The Times “Thrilling.”—Jennifer Egan “Compelling and startling.”—The Economist

Protect the Planet! Aug 15 2021 Our planet is precious, and it's up to us to take care of it. You may feel small, but your small actions can make a big difference. This book will teach you that by acting with kindness towards other people, plants, animals, and yourself, you can help to protect the planet.

Sovereignty and the Responsibility to Protect Dec 27 2019 In 2011, the United Nations Security Council adopted Resolution 1973, authorizing its member states to take measures to protect Libyan civilians from Muammar Gadhafi's forces. In invoking the “responsibility to protect,” the resolution draws on the principle that sovereign states are responsible and accountable to the international community for the protection of their populations and that the international community can act to protect populations when national authorities fail to do so. The idea that sovereignty includes the responsibility to protect is often seen as a departure from the classic definition, but it actually has deep historical roots. In *Sovereignty and the Responsibility to Protect*, Luke Glanville argues that this responsibility extends back to the sixteenth and seventeenth centuries, and that states have since been accountable for this responsibility to God, the people, and the international community. Over time, the right to national self-governance came to take priority over the protection of individual liberties, but the noninterventionist understanding of sovereignty was only firmly established in the twentieth century, and it remained for only a few decades before it was challenged by renewed claims that sovereigns are responsible for protection. Glanville traces the relationship between sovereignty and responsibility from the early modern period to the present day, and offers a new history with profound implications for the present.

Protect Your Writings Mar 22 2022 Whether you are a seasoned author or a new author writing your first book, *Protect Your Writings* will help you avoid common, costly legal mistakes. In this practical guide, author and licensed attorney Maria Crimi Speth provides a comprehensive yet easy-to-understand description of the applicable laws that affect authors and their works. Illustrated with examples from real cases and real situations, *Protect Your Writings* covers the four main areas of intellectual property law and the interplay between these areas as they relate to authors. The guide focuses strongly on copyright law the main area of law protecting the written word and also includes sections that discuss the copyright registration process in detail, how to avoid infringement claims against you, international rights, online writing, and the contracts

that authors are most likely to encounter. A valuable resource for writers in any stage of their career, *Protect Your Writings* succinctly and completely covers the legal information that authors need to safeguard their creative works. It answers the questions writers may have as well as the questions they might not know to ask.

God Made All of Me Mar 30 2020 *God Made All of Me* by Justin and Lindsey Holcomb is an invaluable resource and beautifully illustrated story to help families talk about sensitive issues with two- to eight-year-old children. Because the private parts of our bodies are private, home is the ideal environment for a child to learn about his or her body and how it should be treated by others—without conveying a message of shame. Through carefully written language and relatable storytelling, *God Made All of Me* helps parents navigate discussion that can so easily be warped into confusion, embarrassment, and secrecy. Instead of instilling a message that their bodies are shameful—which can often prevent children from recognizing and reporting sexual abuse—Justin and Lindsey Holcomb equip parents to build a first line of defense against sexual abuse in the safety of their own homes. This helpful guide starts from the fundamental truth that God created everything and applies that truth—the doctrine of creation—to kids and their bodies. With the help of *God Made All of Me*, parents and caregivers can begin conversations with boys and girls about their bodies, helping kids understand the difference between the appropriate and inappropriate touch of others. This life-changing resource shows readers how to establish the foundation for a healthy bond with their children to meet increasing challenges of sexuality, which they will inevitably confront in childhood and adolescence. By teaching their children how to establish body and health boundaries, parents are imparting invaluable skills for their kids to express thoughts and feelings. *God Made All of Me* is the first children's book written by *Rid of My Disgrace* authors, Justin and Lindsey Holcomb. Parents of young children themselves, the Holcombs are profoundly aware of the dangers kids face, and they regularly counsel victims of sexual abuse. Explore *God Made All of Me* and find encouragement, clear guidance, and the tools necessary to facilitate open conversations about how your children can protect their bodies, an important step in keeping them as safe as possible.

Protect Your Energy May 24 2022 If you're tired of other people's energy throwing off your goals & dreams then keep reading... Have you ever wanted to express yourself the way you want, without letting outside energy negatively affect you? All too often we let external energy invade our boundaries & lower our vibration. This tragically leads to us living nowhere near our best lives. But what if you could discover how to easily take ownership of your energy & become as unshakable as a mountain? What would your life be like if you could protect your own energy with healthy & firm boundaries? There is simply no reason for you not to live an abundant, happy, & fulfilled life, free of harmful energetic influences surrounding & imposing your space. The Earth is full of Source energy. Its source is always receiving and sending energy to all creation. Connecting to the Earth is not a luxury but a deep need. A study carried out by the University of Arizona researched the harmful effects of a living entity being separated from its direct source. The experiment compared two sunflowers. One of them would be grounded to the Earth and the other would not. The sunflower which was not grounded had a huge decline in health. Researchers noted that the ungrounded sunflower appeared "stressed" while the grounded sunflower appeared to be vibrant. Most of us are living with high stress or depression simply because we have lost touch with the Earth's energy. Inside you'll discover: What in your own home is creating openings for toxic energy to infiltrate your aura Why negative entities keep imposing on your auric space & how to fix it The chaotic energy that is badly affecting your mind, body, & spirit without you realizing The actual reason why energy vampires are bleeding you dry The visualization secret to avoid a FATAL opening that allows negative attachments to enter The covert signs to tell when you're in the presence of an energy vampire that no one told you about The unseen ways energy vampires are manipulating you The habit you're indulging in that's allowing hazardous invaders to cause irreparable damage How to free yourself of these shackles the media is using to enslave your mind Unparalleled guided daily energy protection meditations to boost & strengthen your aura *BONUS* 10 MIN MEDITATION MP3 INSIDE! & much, much more... 'Protect Your Energy' will empower you regardless of your background, even if you have weak boundaries or give away your energy too easily. This is because the same energy that created the universe lives within you. This easy to follow, uplifting, & vibration-boosting guide is a must-read, even if you're an experienced energy healer, or even if you're completely new to energy work. So if you want to repel toxic energy & stand your ground like an impenetrable fortress then scroll up & click "buy now".

Write to Protect and Serve Apr 23 2022 Write to Protect and Serve is the only guide on police report writing an officer will need. Written for officers at all levels, this book discusses proper notetaking at the scene of the crime, different elements of police reports, and compliance writing. An entire chapter is dedicated to audio and visual writing exercises and examples from real cases, so that officers can write the most accurate report possible.

Control and Protect Jun 25 2022 Control and Protect explores the meaning and significance of efforts designed to combat sex trafficking in the United States. A striking case study of the new ways in which law enforcement agents, social service providers, and nongovernmental advocates have joined forces in this campaign, this book reveals how these collaborations consolidate state power and carceral control. This book examines how partnerships forged in the name of fighting domestic sex trafficking have blurred the boundaries between punishment and protection, victim and offender, and state and nonstate authority.

Design Mom Sep 04 2020 New York Times best seller Ever since Gabrielle Stanley Blair became a parent, she's believed that a thoughtfully designed home is one of the greatest gifts we can give our families, and that the objects and decor we choose to surround ourselves with tell our family's story. In this, her first book, Blair offers a room-by-room guide to keeping things sane, organized, creative, and stylish. She provides advice on getting the most out of even the smallest spaces; simple fixes that make it easy for little ones to help out around the house; ingenious storage solutions for the never-ending stream of kid stuff; rainy-day DIY projects; and much, much more.

Do Protect Jun 20 2019 The best companies are formed around a simple but great idea. As this idea develops and is introduced to the world, it needs to be nurtured and protected. Do Protect offers clear and accessible legal advice and explanations on all aspects of setting up, running and growing your own business, including:

- Intellectual Property Rights
- Raising finance
- Dealing with customers and suppliers
- E-commerce and social media
- Building a team
- Selling your business

Do Protect is essential reading for anyone starting their own business. Get the legalities right, then focus on the fun stuff. Build your business on a strong foundation.

This, You Protect Sep 23 2019

Adoption For Dummies May 12 2021 You hear all sorts of things said or implied about adoption. Some information comes from people who know a lot about it, while some comes from people who don't know anything about it but make assumptions anyway. Some comes from people whose experiences have been good; some from those whose experiences have been bad. The result? Enough conflicting information to make your head spin. So when everyone has an opinion and most of the books on the market deal with specific aspects on adoption or particular types of adoptions, where do you turn to for reliable information? Start with *Adoption For Dummies*. The great thing about this guide is that you decide where to start and what to read. It's a reference you can jump into and out of at will. Just head to the table of contents or the index to find the information you want. Each part of *Adoption For Dummies* covers a particular aspect of adoption, including: Answering the basic adoption questions – How much does it cost? Who's involved? How long does it take? What do I need to know that I don't know to ask? And more. Getting started – and figuring out what steps you have to take. Dealing with birthmothers and birthfathers – and why, even though they may not be part of your life, they're still important to you. Confronting the issues adoptive families face – issues from sharing the adoption story with your child, to answering your child's questions about his birthparents, to handling rude family members who treat your child differently than her cousins. Finding help – from books, resources, and support groups. No adoption book – at least no adoption book that you can carry around without a hydraulic lift – can tell you everything there is to know about adoption. What *Adoption For Dummies* tells you is what you need to know, all in an easy-to-use reference.

Programming Excel with VBA and .NET Nov 25 2019 Why program Excel? For solving complex calculations and presenting results, Excel is amazingly complete with every imaginable feature already in place. But programming Excel isn't about adding new features as much as it's about combining existing features to solve particular problems. With a few modifications, you can transform Excel into a task-specific piece of software that will quickly and precisely serve your needs. In other words, Excel is an ideal platform for probably millions of small spreadsheet-based software solutions. The best part is, you can program Excel with no additional tools. A variant of the Visual Basic programming language, VB for Applications (VBA) is built into Excel to facilitate its use as a platform. With VBA, you can create macros and templates, manipulate user interface features such as menus and toolbars, and work with custom user forms or dialog

boxes. VBA is relatively easy to use, but if you've never programmed before, Programming Excel with VBA and .NET is a great way to learn a lot very quickly. If you're an experienced Excel user or a Visual Basic programmer, you'll pick up a lot of valuable new tricks. Developers looking forward to .NET development will also find discussion of how the Excel object model works with .NET tools, including Visual Studio Tools for Office (VSTO). This book teaches you how to use Excel VBA by explaining concepts clearly and concisely in plain English, and provides plenty of downloadable samples so you can learn by doing. You'll be exposed to a wide range of tasks most commonly performed with Excel, arranged into chapters according to subject, with those subjects corresponding to one or more Excel objects. With both the samples and important reference information for each object included right in the chapters, instead of tucked away in separate sections, Programming Excel with VBA and .NET covers the entire Excel object library. For those just starting out, it also lays down the basic rules common to all programming languages. With this single-source reference and how-to guide, you'll learn to use the complete range of Excel programming tasks to solve problems, no matter what your experience level.

I'm Supposed to Protect You from All this Aug 23 2019 A Vogue Best Book of the Year "What Ferrante did for female friends--exploring the tumult and complexity their relationships could hold--Spiegelman sets out to do for mothers and daughters. She's essentially written My Brilliant Mom." --Slate A memoir of mothers and daughters--and mothers as daughters--traced through four generations, from Paris to New York and back again. For a long time, Nadja Spiegelman believed her mother was a fairy. More than her famous father, Maus creator Art Spiegelman, and even more than most mothers, hers--French-born New Yorker art director Françoise Mouly--exerted a force over reality that was both dazzling and daunting. As Nadja's body changed and "began to whisper to the adults around me in a language I did not understand," their relationship grew tense. Unwittingly, they were replaying a drama from her mother's past, a drama Nadja sensed but had never been told. Then, after college, her mother suddenly opened up to her. Françoise recounted her turbulent adolescence caught between a volatile mother and a playboy father, one of the first plastic surgeons in France. The weight of the difficult stories she told her daughter shifted the balance between them. It had taken an ocean to allow Françoise the distance to become her own person. At about the same age, Nadja made the journey in reverse, moving to Paris determined to get to know the woman her mother had fled. Her grandmother's memories contradicted her mother's at nearly every turn, but beneath them lay a difficult history of her own. Nadja emerged with a deeper understanding of how each generation reshapes the past in order to forge ahead, their narratives both weapon and defense, eternally in conflict. Every reader will recognize herself and her family in *I'm Supposed to Protect You From All This*, a gorgeous and heartbreaking memoir that helps us to see why sometimes those who love us best hurt us most.

The ABA Consumer Guide to Asset Protection Dec 19 2021 The proliferation of lawsuits throughout society exposes business owners, physicians, and other professionals to enormous risk if they don't adequately protect their personal and business assets. In *The ABA Consumer Guide to Asset Protection*, leading asset protection attorney Jeffrey Matsen provides a step-by-step guide to creating a "shield of liability" around personal and business assets through a combination of business and investment entity selections; estate planning techniques; and the creation of appropriate trusts. Matsen's multi-tiered approach is designed to help virtually everyone who has significant assets and to provide a plan appropriate to their particular circumstances. Readers will gain the knowledge to choose the right advisor and actively participate in the creation and management of their own asset protection plan."

Serve 'N' Protect Oct 05 2020 Ambushed and left for dead, U.S. Secret Service K-9 Officer Markus York is on the mend and laying low in a safe house while his team tracks down his attacker. But Markus isn't good at sitting still. Even with his K-9, Ghost, for company, he gets restless and decides now is the perfect time to do some repairs around the house...and inadvertently tears open his wounds. Fresh out of a bad relationship that ended after a car accident left her with limited mobility, freelance accountant Cassidy Morgan has sworn off men. At least, that's the plan. Until a frantically barking dog leads her to a neighbor's house where she finds a mysterious man out cold and bleeding on the floor...and mumbling things like "no, they'll find me" when she tries to call an ambulance. Yeah, that's not at all concerning. Despite Markus's surly attitude, Cassidy senses there's something else at work beneath his rugged, keep-your-distance exterior. Whatever it is, it's sexy as hell. With someone still trying to kill him, Markus doesn't want an innocent to get hurt, let alone take care of him. If only his dog wasn't crazy in love with her. If only the chemistry between Markus and Cassidy didn't explode whenever they were in the same room. If only Cassidy wasn't a target now, too.

Prepare and Protect Oct 29 2022 Biological safety is a critical requirement when working with or around infectious disease agents. To prevent exposures and keep staff and patients safe, laboratories and health care facilities rely on personal protective equipment, standard operating procedures (SOPs), and engineering controls. In an instant, however, a single inappropriate human behavior can negate any of these safeguards. This reference provides an important call to action for anyone who relies on safety plans to consider carefully the humans who must follow those plans. Written by an expert in behavioral biosafety training, *Prepare and Protect* offers a common-sense program for addressing and reducing the risk factors of human behavior. Learn how to Examine the safety culture of your organization and its approach to risk Motivate the compliance, adherence to rules, and community thinking that keep everyone safe Evaluate, validate, and verify SOPs and staff competence Create safety plans and safety training programs that connect outcomes to behaviors Provide leadership that translates the containment philosophy from words to actions The critical message of this book is illustrated and enriched by personal accounts from infectious disease pioneers, from lab safety directors and trainers to the researchers and health care workers directly affected by infectious hazards. If your work involves pathogenic microbes—whether treating patients in a hospital emergency department or conducting research in a biosafety level 2 or higher laboratory—or overseeing those who do these jobs, this resource will teach you how to develop a culture of biosafety through behavior.

A Promise to Protect Feb 21 2022 Navy SEAL Matt Waterstone knows about keeping people safe. When his best friend's sister is attacked, Matt promises no harm will come to Ashley Sawyer—not on his watch. But Matt's not the only protective one. Ashley will do anything to safeguard the residents of the battered women's shelter she runs. She's sure she can handle the threats she gets in return. What she can't handle is the way Matt scales the walls around her heart. Yet when she falls prey to a crime web far more sinister than she'd realized, trusting Matt could be the only way to survive....

How To Create A Photo Asset Inventory and Protect Your Investments From Catastrophic Loss Dec 07 2020

To Protect a Princess Jan 20 2022 A royal new series from 10-Time USA Today Bestselling Author Jess Michaels. All of Society is atwitter about the arrival of the Royal Family of Athawick, a small island country with important ties on a tour to celebrate the coronation of a new king. Or at least...that is the reason on the surface for their Season in London. Princess Ilaria knows the real truth: her family wishes to marry her off to a man of title and influence, in order to strengthen their own “special relationship” with the British Empire. The problem is that only one man has caught her eye and he does not fit any of the criteria required in a husband by her family. Captain Jonah Crawford was part of the Royal Honor Guard that accompanied the Prince Regent on a visit to Athawick two years ago and it was there he first laid eyes on the princess. Since then, much has changed in his life, including a resignation from the position he loved and the undertaking of responsibilities he never asked for. But seeing Ilaria sparks hungers that he cannot deny. As they continue to encounter each other, sometimes even in shocking places like infamous hells, their desire grows, but so is the danger lurking around every corner. And when Ilaria requires a bodyguard, Jonah volunteers. Will burning passion turn to love? And will love be enough to save them when the worst comes to pass? Heat Level: Princesses and Bodyguards and Steamy Clubs...OH MY! CW: Assault This is the first book in the Regency Royals series.

The United States Secret Service and Presidential Protection Jan 08 2021

Sovereignty and the Responsibility to Protect Apr 11 2021 In 2011, the United Nations Security Council adopted Resolution 1973, authorizing its member states to take measures to protect Libyan civilians from Muammar Gadhafi's forces. In invoking the “responsibility to protect,” the resolution draws on the principle that sovereign states are responsible and accountable to the international community for the protection of their populations and that the international community can act to protect populations when national authorities fail to do so. The idea that sovereignty includes the responsibility to protect is often seen as a departure from the classic definition, but it actually has deep historical roots. In *Sovereignty and the Responsibility to Protect*, Luke Glanville argues that this responsibility extends back to the sixteenth and seventeenth centuries, and that states have since been accountable for this responsibility to God, the people, and the international community. Over time, the right to national self-governance came to take priority over the protection of individual liberties, but the noninterventionist understanding of sovereignty was only firmly established in the twentieth century, and it remained for only a few decades before it was challenged by renewed claims that sovereigns are responsible for protection. Glanville traces the relationship between

sovereignty and responsibility from the early modern period to the present day, and offers a new history with profound implications for the present.

His To Protect: A Bodyguard Bad Boys/Masters and Mercenaries Novella Oct 25 2019 Talia Shaw has spent her adult life working as a scientist for a big pharmaceutical company. She's focused on saving lives, not living life. When her lab is broken into and it's clear someone is after the top secret formula she's working on, she turns to the one man she can trust. The same irresistible man she turned away years earlier because she was too young and naive to believe a sexy guy like Shane Landon could want her. Shane Landon's bodyguard work for McKay-Taggart is the one thing that brings him satisfaction in his life. Relationships come in second to the job. Always. Then little brainiac Talia Shaw shows up in his backyard, frightened and on the run, and his world is turned upside down. And not just because she's found him naked in his outdoor shower, either. With Talia's life in danger, Shane has to get her out of town and to her eccentric, hermit mentor who has the final piece of the formula she's been working on, while keeping her safe from the men who are after her. Guarding Talia's body certainly isn't any hardship, but he never expects to fall hard and fast for his best friend's little sister and the only woman who's ever really gotten under his skin.

National Trust: How to Help a Hedgehog and Protect a Polar Bear Sep 16 2021 Learn how you can save endangered animals and make the world a better place, too!

Responsibility to Protect and Women, Peace and Security Oct 17 2021 In *Responsibility to Protect and Women, Peace and Security: Aligning the Protection Agendas*, editors Sara E. Davies, Zim Nwokora, Eli Stamnes and Sarah Teitt address the intersections of the Responsibility to Protect (R2P) principle and the Women, Peace, and Security (WPS) agenda. Contributions from policy-makers and academics consider both the merits and the utility of aligning the protection agendas of R2P and WPS. A number of actionable recommendations are made concerning a unification of the agendas to best support the global empowerment of women and the prevention of mass atrocities.

The Responsibility to Protect Twenty Years On Jul 22 2019 This book focuses on measures pertaining to the three-pillar implementation strategy of R2P and examines how and to what extent the three pillars have been practised. Rich in its geographical scope, this edited book provides a critical analysis of R2P practice over the last two decades by focusing on representative cases from different regions. Analysing not only recent and/or underexplored cases but also widely studied cases from a fresh and alternative perspective, it sheds light on the depth and scope of the norm as well as the variety of actors involved and how they impact R2P practice. Diverging from most accounts, this edited book does not approach the cases as a 'success' or 'failure' of R2P. By studying the background to the conflicts and making assessments on a pillar-by-pillar basis, each chapter addresses the root causes, traces the process of implementation, investigates the actions of the actors involved, identifies elements of success and failure and finally questions the sustainability of the protection provided to date. Meanwhile, the conceptual chapters complement the case analyses through an overall evaluation of R2P's first two decades and the progress achieved so far with the aim to draw lessons for future implementations of R2P.

Future Sea Jan 28 2020 A counterintuitive and compelling argument that existing laws already protect the entirety of our oceans—and a call to understand and enforce those protections. The world's oceans face multiple threats: the effects of climate change, pollution, overfishing, plastic waste, and more. Confronted with the immensity of these challenges and of the oceans themselves, we might wonder what more can be done to stop their decline and better protect the sea and marine life. Such widespread environmental threats call for a simple but significant shift in reasoning to bring about long-overdue, elemental change in the way we use ocean resources. In *Future Sea*, ocean advocate and marine-policy researcher Deborah Rowan Wright provides the tools for that shift. Questioning the underlying philosophy of established ocean conservation approaches, Rowan Wright lays out a radical alternative: a bold and far-reaching strategy of 100 percent ocean protection that would put an end to destructive industrial activities, better safeguard marine biodiversity, and enable ocean wildlife to return and thrive along coasts and in seas around the globe. *Future Sea* is essentially concerned with the solutions and not the problems. Rowan Wright shines a light on existing international laws intended to keep marine environments safe that could underpin this new strategy. She gathers inspiring stories of communities and countries using ocean resources wisely, as well as of successful conservation projects, to build up a cautiously optimistic picture of the future for our oceans—counteracting all-too-prevalent reports of doom and gloom. A passionate, sweeping, and personal account, *Future Sea* not only argues for systemic change in how we manage what we do in the sea but also describes steps that

anyone, from children to political leaders (or indeed, any reader of the book), can take toward safeguarding the oceans and their extraordinary wildlife.

Protect and Defend Jul 14 2021 On a cold day in January, President-elect Kerry Kilcannon takes the oath of office—and within days makes his first, most important move: appointing a new Chief Justice of the Supreme Court. Kilcannon's choice is a female judge with a brilliant record. And a secret. While the Senate spars over Caroline Masters's nomination, an inflammatory abortion rights case is making its way toward the judge—and will explode into the headlines. Suddenly, the most divisive issue in America turns the President's nomination into all-out war. And from Judge Masters to a conservative, war-hero senator facing a crisis of conscience and a fifteen-year-old girl battling for her future, no one will be safe.

To Serve and Protect Sep 28 2022 In his provocative analysis, Benson (economics, Florida State U.; The Independent Institute, Oakland, CA) argues for contracting out and other controversial "private justice" options as preferable to government's pervasive and misguided criminal justice role. "Why the timing may be right" is the theme of the preface by Marvin Wolfgang, Director of the U. of Pennsylvania's Sellin Center for Studies in Criminology and Criminal Law. The Austrian School of the series title favors less government economic control. Annotation copyrighted by Book News, Inc., Portland, OR

Protect Your Family from Lead in Your Home Feb 09 2021

200+ Ways to Protect Your Privacy Aug 27 2022 Discover simple strategies for protecting your personal and confidential information on and offline with this essential and easy-to-understand guide. We all know that the internet can serve as a hotbed for identity theft. But it isn't the only place where your privacy can be breached. In fact, there are lots of ways you can protect your privacy (or diminish it) that have little or nothing to do with access to the internet. Your home, your photos, your trash can, your kids, your favorite restaurant or store—and even you have the ability to unknowingly reveal your private information to everyone from thieves to busybodies. But you don't need to hire a specialist to keep your information safe—you can do it yourself with these 200+ easy-to-implement tactics, some of which include: —Shredding hard copies of bills — Turning off Bluetooth when not in use — Using a firewall — Hiding spare keys in an unusual place Keeping your information secure lies in your hands—make sure you're not putting yourself at risk in your daily habits with this essential guide.

Unknown Threat (Defend and Protect Book #1) Nov 06 2020 US Secret Service Special Agent Luke Powell is lucky to be alive. Three of his fellow agents have died in unusual circumstances in the past ten weeks. Luke is devastated by the loss of his friends and colleagues, and his inability to locate the killer feels like a personal failure. He's an expert at shielding others, but now the protectors are in need of protection. FBI Special Agent Faith Malone is driven to succeed and confident in her ability to solve every case she's assigned. She's been put in charge of the investigation into the unprecedented attacks, and with Luke's life in danger, the stakes have never been higher. But it's hard to know how to fight back when you don't know who the enemy is. As more agents are targeted, Luke and Faith will have to work together to bring a killer to justice and prevent any more names from joining their fallen brothers and sisters on the Secret Service Wall of Honor. Award-winning author Lynn H. Blackburn pulls out all the stops in this brand-new romantic suspense series that will have you holding your breath one minute and swooning the next.

The Responsibility to Protect in International Law Apr 30 2020 This book tracks the development of the emerging international legal principle of a responsibility to protect over the past two decades. It contrasts the influential version of the principle introduced by the International Commission on Intervention and State Sovereignty in 2001 with subsequent interpretations of the responsibility to protect advocated by the United Nations through its human protection agenda, and reviews the dangers and inconsistencies inherent in both perspectives. The author demonstrates that the evolving responsibility to protect principle can be recruited to support a wide range of irreconcilable projects, from those of cosmopolitan constitutionalism to those of hegemonic international law. However, despite the dangers posed by this susceptibility to conceptual hijacking, Oman argues that the responsibility to protect, like human rights, is an essential a modern emancipatory formation. To remedy this dangerous malleability, the author advocates a third, distinctive interpretation of the responsibility to protect designed to limit its cooptation by liberal anti-pluralist and hegemonic international law agendas. Oman outlines the key features of such a minimalist conception, and explores its fit with the "RtoP" version of the responsibility to protect promoted in recent years by the UN. The author argues that two crucial features missing from the UN reading of the principle should be developed in future: an acknowledgement of the role of non-state actors as bearers of the responsibility to protect, and a

recognition of the principle's legal character. Both of these aspects of the principle offer means to democratize the international law-making enterprise.

Who Do You Serve, Who Do You Protect? Jul 02 2020 What is the reality of policing in the United States? Do the police keep anyone safe and secure other than the very wealthy? How do recent police killings of young black people in the United States fit into the historical and global context of anti-blackness? This collection of reports and essays (the first collaboration between Truthout and Haymarket Books) explores police violence against black, brown, indigenous and other marginalized communities, miscarriages of justice, and failures of token accountability and reform measures. It also makes a compelling and provocative argument against calling the police. Contributions cover a broad range of issues including the killing by police of black men and women, police violence against Latino and indigenous communities, law enforcement's treatment of pregnant people and those with mental illness, and the impact of racist police violence on parenting, as well as specific stories such as a Detroit police conspiracy to slap murder convictions on young black men using police informant and the failure of Chicago's much-touted Independent Police Review Authority, the body supposedly responsible for investigating police misconduct. The title *Who Do You Serve, Who Do You Protect?* is no mere provocation: the book also explores alternatives for keeping communities safe. Contributors include William C. Anderson, Candice Bernd, Aaron Cantú, Thandi Chimurenga, Ejeris Dixon, Adam Hudson, Victoria Law, Mike Ludwig, Sarah Macaraeg, and Roberto Rodriguez.

Writing Without Bullshit Jul 26 2022 Joining the ranks of classics like *The Elements of Style* and *On Writing Well*, *Writing Without Bullshit* helps professionals get to the point to get ahead. It's time for *Writing Without Bullshit*. *Writing Without Bullshit* is the first comprehensive guide to writing for today's world: a noisy environment where everyone reads what you write on a screen. The average news story now gets only 36 seconds of attention. Unless you change how you write, your emails, reports, and Web copy don't stand a chance. In this practical and witty book, you'll learn to front-load your writing with pithy titles, subject lines, and opening sentences. You'll acquire the courage and skill to purge weak and meaningless jargon, wimpy passive voice, and cowardly weasel words. And you'll get used to writing directly to the reader to make every word count. At the center of it all is the Iron Imperative: treat the reader's time as more valuable than your own. Embrace that, and your customers, your boss, and your colleagues will recognize the power and boldness of your thinking. Transcend the fear that makes your writing weak. Plan and execute writing projects with confidence. Manage edits and reviews flawlessly. And master every modern format from emails and social media to reports and press releases. Stop writing to fit in. Start writing to stand out. Boost your career by writing without bullshit.

To Protect and To Serve Aug 03 2020 It provides the first comprehensive assessment of the role of the police in homeland security functions, the effectiveness of strategies, the impacts of homeland security threats on police organization, and on the relationships between police and community. The book's authors include some of the best known scholars in policing and in the area of policing terrorism brought together by the National Institute of Justice and the Ministry of Public Security in Israel to provide cutting edge discussion of the challenges presented by terrorism for police in democratic societies. Each chapter includes not only an up to date survey of the literature in the areas covered, but also a discussion what we need to know to develop better policies and practices.

Responsibility to Protect Nov 18 2021 At the 2005 UN World Summit, world leaders endorsed the international principle of Responsibility to Protect (R2P), acknowledging that they had a responsibility to protect their citizens from genocide and mass atrocities and pledging to act in cases where governments manifestly failed in their responsibility. This marked a significant turning point in attitudes towards the protection of citizens worldwide. This important new book charts the emergence of this principle, from its origins in a doctrine of sovereignty as responsibility, through debates about the legitimacy of humanitarian intervention and the findings of a prominent international commission, and finally through the long and hard negotiations that preceded the 2005 commitment. It explores how world leaders came to acknowledge that sovereign rights entailed fundamental responsibilities and what that acknowledgment actually means. The book goes on to analyze in detail the ways in which R2P can contribute to the global effort to end genocide and mass atrocities. Focusing on the prevention of these crimes and the improvement of the world's reaction to them, the book explores the question of how to build sustainable peace in their aftermath. Alex J. Bellamy argues that although 2005 marked an important watershed, much more work is needed to defend R2P from

those who would walk away from their commitments and – in the words of UN Secretary-General Ban Ki-moon – to translate the principle ‘from words into deeds’. This fascinating book will appeal to students and scholars of international relations, international affairs, human rights and humanitarian emergencies, as well as anyone concerned about the protection of civilians on a global scale
