**Who Gets What** Mar 28 2022 Agent Orange, the 9/11 Victim Compensation Fund, the Virginia Tech massacre, the 2008 financial crisis, and the Deep Horizon gulf oil spill: each was a disaster in its own right. What they had in common was their aftermath—each required compensation for lives lost, bodies maimed, livelihoods wrecked, economies and ecosystems upended. In each instance, an objective third party had to step up and dole out allocated funds: in each instance, Presidents, Attorneys General, and other public officials have asked Kenneth R. Feinberg to get the job done. In *Who Gets What?*, Feinberg reveals the deep thought that must go into each decision, not to mention the most important question that arises after a tragedy: why compensate at all? The result is a remarkably accessible discussion of the practical and philosophical problems of using money as a way to address wrongs and reflect individual worth.

**What Is Life Worth?** May 30 2022 Soon to be a major motion picture: the true story of the man put in charge of the 9/11 Victim Compensation Fund, and a testament to the enduring power of family, grief, love, fear, frustration, and courage. Just days after September 11, 2001, Kenneth Feinberg was appointed to administer the federal 9/11 Victim Compensation Fund, a unique, unprecedented

fund established by Congress to compensate families who lost a loved one on 9/11 and survivors who were physically injured in the attacks. Those who participated in the Fund were required to waive their right to sue the airlines involved in the attacks, as well as other potentially responsible entities. When the program was launched, many families criticized it as a brazen, tight-fisted attempt to protect the airlines from lawsuits. The Fund was also attacked as attempting to put insulting dollar values on the lives of lost loved ones. The families were in pain. And they were angry. Over the course of the next three years, Feinberg spent almost all of his time meeting with the families, convincing them of the generosity and compassion of the program, and calculating appropriate awards for each and every claim. The Fund proved to be a dramatic success with over 97% of eligible families participating. It also provided important lessons for Feinberg, who became the filter, the arbitrator, and the target of family suffering. Feinberg learned about the enduring power of family grief, love, fear, faith, frustration, and courage. Most importantly, he learned that no check, no matter how large, could make the families and victims of 9/11 whole again.
